Tongue Curlers vs. Not Tongue Curlers:
Curlers find a partner who can't curl.

Whistlers vs. not-yet-whistlers. Whistlers find a partner who can't whistle and show them how. If everyone can whistle, who can whistle the loudest? Line up loudest to softest.

Can you snap? Snappers partner with someone who can't snap yet and show them how. If everyone can snap, who can snap 10 times the fastest?
