

Coordinating Team (CT) Minutes

Mar. 4, 2020

Attendees: Rev. David Miller, Pete Krone (via Zoom), Gina King, Bill Braband

Round Table Discussion

Pete brought the idea of addressing the impact to UUCF facilities, staff and finances for activities not covered by the operating budget. While these activities support UUCF's mission and vision, there is a drain on UUCF resources that is not covered or contemplated by the operating budget. Pete took the action to draft a recommended solution for further discussion.

Old Business

Bill reported the following:

- A solution to the fire alarm continuing to sound had been implemented and that he was waiting to see if the solution really worked. The CT recommended that we celebrate Bill and his accomplishment.
- All the roof leaks have been completed under budget.
- He had a quote for \$36,000 to mill and repave the traffic circle, seal the entire parking lot and restripe all traffic areas. This could only be accomplished during warmer weather and perhaps a slower time of the congregational year.

New Business

The CT had been requested by the Partner Church Council to be allowed to sell items in the Commons, enabling them to finance their Auction item. Pete took the action to clarify this request.

The next CT meeting will be Mar. 11, 2020.
