

Coordinating Team (CT) Minutes

Aug. 26, 2020

Attendees: via Zoom - Rev. David Miller, Pete Krone, Gina King, Bill Braband, Paul Atelsek, Dave Anderson

Dave and Paul discussed energy-efficient solutions that might include a geothermal system, increased insulation for the Program Buildings, solar panels in sections of the parking lot, new HVAC systems, “repair as needed” HVAC. The required energy analysis had not started.

It was noted that the next Property Stewardship Council meeting is scheduled for Sep. 14.

Bill reported that tree removal was complete; that refinishing the Sanctuary and Chapel floors would be started soon and the traffic circle/parking lot work was scheduled to be done in September. And that Roofapalooza had \$7,000 remaining.

The impact of the pandemic on Auction events was discussed. Several options could be available: postpone the event to a future time; unable to have the event for which the Auction winners could obtain a refund or make a donation. An email would be sent to the congregation about these approaches.

The next CT meeting will be Sep. 9, 2020.
