

## **Coordinating Team (CT) Minutes Aug. 25, 2021**

**Attendees:** via Zoom - Rev. David Miller, Gina King, Bill Braband, Adrian Hendricks and Rev. Christin Green and Lydia Lewis from the Board of Directors

The following were discussed:

1. Lydia Lewis addressed the CT about the “Widening the Circle of Concern: Report of the UUA Commission on Institutional Change,” board recommendations and any changes the CT might have. Various aspects of the board’s recommendations might need congregation approval as monies to fund the initiative would need to be budgeted. Implementing the principles of “Widening the Circle” needs to be worked out by the board, and further review is forthcoming.
2. Bill Braband presented a plan from the Climate Action Group and congregants involved in the maintenance of the grounds that calls for planting some trees and labeling the trees we have to indicate their species, etc. The CT did not approve the proposed location to plant the trees, and Bill Braband will meet with the group to find a suitable location for the trees. The CT did approve the tree labeling and Rev. David was to inform them during a subsequent meeting with group leaders.

The next CT meeting will be Sep. 1, 2021.

Prepared by Bill Braband
