

## **Coordinating Team (CT) Minutes Nov. 10, 2021**

**Attendees:** via Zoom - Rev. David Miller, Gina King, Bill Braband, Adrian Hendricks and Rev. Christin Green

The following were addressed:

1. Rev. David Miller gave a report on the Stan Richards grant and what the future holds for the fund. A committee has been assembled and will meet in the near future to take suggestions from the congregation on projects the grant could fund. Bill Braband suggested we appoint/hire a coordinator for virtual ministries to aid in UUCF's uncertain future and how we need to adopt a more virtual ministry going forward. The CT will make a proposal and talk to the committee and perhaps send it to the Board of Directors for approval.
2. The ministerial discretionary fund distribution was discussed and current amount in the fund and the plans for it this year.
3. The Siena School approached Bill Braband about the need for more space and how it will affect their enrollment. The current permit for them includes 50 students and for them to add more students, they need to apply for a change to the non-residential-use permit. This would mean a traffic study to see how the additional cars would affect traffic flow. The study and application are costly and the school leadership would like help defraying this cost in the form of reduced rent over the next few years. This will be brought to the board for discussion.
4. Gina Wells will gather a list of suggestions from the Nov. 6 CT retreat on future programs and direction of the congregation going forward. The CT will discuss and present any appropriate suggestions to the board.
5. The Afghan Refugee Resettlement Project is approved, and donations will be dropped off at UUCF in front of the Sanctuary. Bill Braband will move donated items into the Partner Church Room each night. Donations will be dropped off Nov. 15-19.

The next CT meeting will be Nov. 17, 2021.

Prepared by Bill Braband
